Specifications

Discharge volume	0.01、0.03、0.05、0.1mℓ/Stroke
Operating pressure	0.9MPa
Reset pressure	0.3MPa

Model

Model	Part Number	Discharge volume (ℓ)	Mark
MOS-1	205300	0.01	1
MOS-3	205301	0.03	3
MOS-5	205302	0.05	5
MOS-10	205303	0.1	10

Directions for use

- When installing the valve on a junction side, screw it into place with a wrench applied to the valve body (Tightening torque : 50kgf·cm)
- When connecting the valve to piping, turn bushing holding nipple with a wrench.
